**NOTE**

SUBJECT: RACT Qs & As – Reasonably Available Control Technology (RACT):  
Questions and Answers

FROM: William T. Harnett  
Director, Air Quality Policy Division (C539-01)

TO: Regional Air Division Directors

The attached Reasonably Available Control Technology (RACT) Questions and Answers (Q&A) document addresses issues we have received from the Regional Offices and States. The document provides additional clarification that will be helpful for the RACT State implementation plans (SIPs) which are due September 15, 2006. Please distribute this document to your States, local control agencies, and tribal governments. Regional Office staff may contact William Johnson at (919) 541-5246 or [Johnson.WilliamL@epa.gov](mailto:Johnson.WilliamL@epa.gov), with any questions.
